Gateway to Service

FOREWORD

The road down memory lane has many crooks and turns. It winds through dark valleys and sunlit heights.

In the pages of this book will be found the sunny places in the road of the school year of 1948, where friendships of lasting endurance were made, where we worked and played together and built a beautiful memory.

The Spirit of Service

The road to service was no more than a footpath when pioneer educators, inspired by an irresistible devotion to God, planned and built Walla Walla College. However, there walked with them on their humble path the divine Spirit of Service.

To that Spirit must be credited the expansion of this college from 1892's meager enrollment to the twelve hundred students of 1948.

By that Spirit have been implanted and maintained principles and personnel which fifty-six years have materialized into "the school that educates for life."

In that Spirit more than twenty-five hundred graduates have answered calls to work for God in every branch of human endeavor, going with three-fold preparation to every section of the globe.

Though the road to service has led and still leads through trials and discouragements, consecrated progress has broadened its goals and swung its Gateway ever wider to youth ambitious for God.

In confidence that its influences will still guide Walla Walla College, this 1948 MOUNTAIN ASH is dedicated with reverence and humility to The Spirit of Service.

In humbleness
we serve

Daily lectures and quizzes. . . formation of lasting friendships with classmates and teachers. . . brain racking over "finals". . . the mad dash at the noon whistle—all this from the ivy-covered "Ad" Building.

Administration

President's

Message

There is a road ahead. He who plows looks ahead. The builder sees the finished building even though the foundation only is made. The student looks ahead to the close of school and the finishing of his course. Youth looks to the road ahead.

He who would achieve must concentrate all his powers of mind and body on his life problem. To him the toil and drudgery of today are but parts of the road he must travel. The goal and not the roadway is important. Success may come in the realm of the physical or in the realm of the spiritual. The finer and more lasting experiences of life are spiritual.

He who would be successful must learn to give—to give himself and all he has. He must pay the price. He must never expect more than he gives, for success is never found on the bargain counter. The road is Christian education which is bordered by the beautiful flowers of Christian service. The road does not end at the "Gateway of Service" but reaches to the portals of the Holy City.

G. W. BOWERS, *President.*

THE COLLEGE BOARD, representing the institutions and conferences of the Northwest, is the influence behind the scenes which makes possible ever-advancing plans for "The School that educates for life."

Biology

It's a long way from Oligochaeta to Mammalia, but biology students, effervescent in their enthusiasm, bridge the gap.

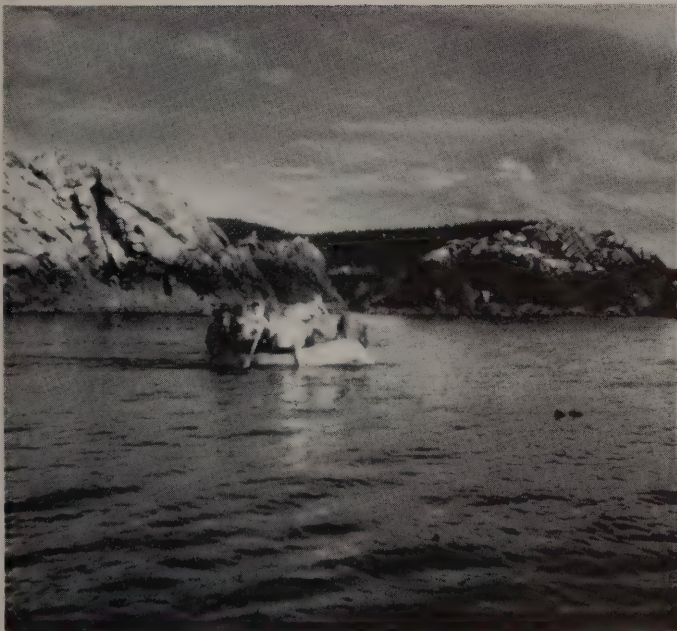

Aspiring Biologists extend their study during the summer at the unique Field School at Anacortes, Washington. Early morning plunges (voluntary or involuntary!) into the icy bay waters, boat trips to the San Juans to study marine life and birds, treks (those who follow Dr. Booth would call them "forced marches") to the heights of the Olympics are all in the interest of Science.

Relaxation time at Sittner Hall

Conard Hall

The verdant formal garden in springtime, the Sabbath afternoon singing sessions, the easy chairs in the parlor, the waffle iron in the spread room, and the reverance of the Little White Chapel—this is the home of Aleph Gimel Ain.

DEAN SHERRARD
and her family

The dean to the women of WWC has made Conard Hall a real home to its occupants. She is well loved for her sparkling personality and for her sympathetic understanding in dealing with the never ending problems of young womanhood.

Mr. Sherrard's quiet dignity has endeared him not only to the hearts of those at Conard Hall, but to the entire student body of the college.

These assistant deans watch over Union, South and West Halls, guiding lower classmen through the difficult first years at college.

WHAT'S SO
WONDERFUL ABOUT
THIS 'NEW-FORMULA'
GOLDEN SHELL?

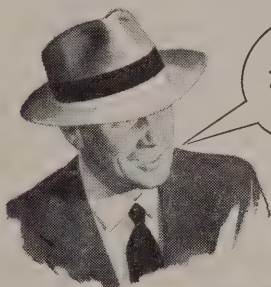

IT GIVES YOU
MORE DEPENDABLE
ENGINE PROTECTION

You know a lot of different compounds have been developed lately to improve motor oil — many of them by Shell Research. Well, now our scientists have gone further.

In *New-Formula* Golden Shell,

they've combined the best of these new compounds. They've made this an oil that *cleans* your engine . . . keeps it clean . . . and lays down a long-lasting oil film. On every score, it means better engine protection!

BUT AN OIL
THAT GOOD MUST
COST A LOT!

BUT IT DOESN'T!

Our Shell Research men are whizzes, too, at getting costs down. They've worked it out so we dealers can sell this top quality oil without charging a cent more than before. And we'll put it up against any other competitive oil *regardless of price!*

BEWILDERED BRENDA'S NOT SO BRIGHT

Poor Brenda — she tried so hard. But maybe she should have asked an expert whether that word under the spot in her cook book was a **teaspoon** or a **teacup** full of baking powder.

Lucky, wasn't it, that not-so-bright Brenda wasn't on the staff that got out this annual, for a book like this is easier to spoil than a batch of biscuits?

But your staff didn't pull any Brenda boners. They knew where to dig to get the latest low-down on the lads and lovelies — with pix of who's who and where it happened. And they

also knew that the book had to be easy to read and the pictures clear, so you wouldn't have to say, "That's me — the one without the tail."

Instead of guessing, they went to those who knew the angles and the answers. They got the best printer, and chose us to make the engravings. For 40 years we have specialized in school annuals and know just how to work with editors, artists, photographers, faculty, and the printer to get the best results. We believe you'll agree that this book's a beauty, and are glad that Brenda was the little girl who wasn't there.
